NATIONAL REPUBLICAN TICKET.

For President,
ULYSSES S. GRANT,
OF ILLINOIS.
For Vice President,
HENRY WILSON,
OF MASSACHUSETTS.
REPUBLICAN STATE TICKET.
For Governor,
HON. A. A. FREEMAN,
For Congress at Large,
HON. HORACE MAYNARD.
For Congress—Second District,
J. M. THORNBURGH.
Electors at Large,
HON. ALVIN HAWKINS,
HON. JOHN TRIMBLE,
A. J. RICKS, ESQ.

We have a private letter from a gentleman of the Lincoln Club, of Pittsburgh, Pennsylvania, in which he says: "look out for 70,000 majority for Grant in Pennsylvania. We've got the Greeleyites on the retreat and propose to make it a rout on the 5th of November."

THE New York Times figures up the States for November and gives Grant 277 electoral votes, 27 States; Greeley 56, 17 States, leaving doubtful three with 31 electoral votes. Bets are offered that Grant will carry New York by 25,000, and good judges are offering to bet that Greeley will carry a single Northern State.

(?) CALDWELL has not found refuge from the ever-present, ever-perplexing Johnson-Cheatham muddle in the mountains of the battering ram district. He is still dodging. He still refuses to say whether he clings to the regular nominee or with the bolters stands by Andy.

THE "big organ's" war cry on the morning of the 1st of August was, "vote the straight ticket." Its clarion notes will not be heard leading the hosts for a "straight ticket" on the 5th of next November, for it is a bolter. It has deserted the "organization" and for a mess of pottage sold itself to Andy. Truly the way of the "organs" in Tennessee is a hard one.

THE tried and true patriots of Pittsburgh, Pennsylvania, have fittingly rebuked Greeley's shameful insult to the great Soldiers' and Sailors' Convention of last month. On the 8th inst. they gave Hartman a majority of 9,281, or 5,700 more than they gave the Republican ticket in 1871. Pennsylvania by official returns gives Hartman a majority of 35,726. What an answer to the shameless Cincinnati Reform Coalition!

HON. JOHN TRIMBLE, one of the Electors for the State at Large, has issued a stirring address to the Republicans of the State. It is a forcible, eloquent and complete defence of Gen. Grant's administration and can not fail to do great good. We hope Mr. Trimble may be able to appear in person before the people and in his impressive, incisive way stir them up to their duty next November.

THE Press and Herald is not authorized to speak for the Republicans of Knox county as to their feelings towards Hon. A. A. Freeman. If we mistake not, they will show next month by a rousing majority that they are satisfied he is a far better man than General Brown, and that his objections to the latter's administration are well taken and of a very damaging character.

FROM the reports we get from the joint canvass between Garrett, (?) Caldwell, and Col. J. M. Thornburgh, the champion of the Knoxville workingmen, the latter have good reason to be proud of their standard-bearer. Thornburgh, by his able, dignified, and eloquent appeals to the people, is making friends everywhere. The sensible voters of this Congressional district see that he is the only man that can do them any service at Washington, and they will therefore vote for him without reference to party. Workingmen everywhere are voting for men in sympathy with their interests.

THE Ohio Liberal Committee through one Brinkerhoff, chairman, have issued a pronouncement, in which they easily figure out Greeley's election. It is a good advertisement for Brinkerhoff for every sensible man after reading it will be interested in knowing something about the fool that signed it. Its cheek will make him notorious. Well, Brinkerhoff is a harmless fellow who made himself conspicuous two weeks ago by telegraphing to Greeley that Ohio would elect its Liberal ticket on the 5th by 20,000 majority, and elect 14 out of 20 Congressmen. But the election turned out quite different. The Republicans carried the State by over 15,000 and elected 13 out of the 20 Congressmen. Brinkerhoff is a fool of the first class as his last circular proves. In the face of 15,000 Republican majority last week he classes Ohio as a doubtful State. She will give Grant at least 25,000 majority and we should not be surprised to see it over 40,000. Now what ought to be said of editors who endorse such stuff as Brinkerhoff's circular. Have they not misled their readers long enough?

THOSE WHISKY LAWS.
The enemies of Horace Maynard are trying to make political capital against him on the ground that he was a member of Congress when the Whisky or Revenue laws were enacted. These men try to make capital out of this fact for Andrew Johnson. But the truth is, Johnson was President when these laws passed Congress and he approved them. Maynard labored faithfully to modify these laws, and at last succeeded, so far as to give our East Tennessee distillers far more privileges and advantages than they ever had under the laws approved by Johnson. If Maynard is so obnoxious on account of these laws, which he had changed so far as he possibly could to be favorable to small distillers and dealers, how much more obnoxious should Andy Johnson be for never attempting to modify them or make them more favorable to his own East Tennessee friends. The fact is, these revenue laws were a necessity to raise money to pay off a debt forced upon the country by the rebellion for which the Democracy are responsible. The laws inflicted some hardships upon the people, as all revenue laws do, but certainly the Republicans are not responsible for doing what a Democratic rebellion made necessary. It does not lie in the mouths of Democrats to fuss about these whisky laws, and especially it does not become Andy Johnson men to talk about them, for he is as much responsible for them as Maynard or any one else. He also signed the bill levying a special tax of three cents per pound on cotton—a law about which the cotton planters of Middle and West Tennessee complained very much.

Patent Paint.

BRADLEY'S

PATENT ENAMEL PAINT.

THESE Paints are composed of the Finest

and best materials known to painters; the principal ingredients being Pure White Lead, Zinc and Linseed Oil, which are made to unite in a homogeneous mass, by the addition of other materials, which add greatly to the durability, elasticity, beauty and strength of the Paint. The whole are chemically combined so that the pigments are held in permanent solution, thus forming a new compound which dries upon the surface, and adheres firmly to it, forming a smooth, glossy, firm, elastic, beautiful and durable Paint. The Oil, which is the real life of the Paint, cannot leave it and be absorbed by the substance to which it is applied, as it does in paints mixed in the ordinary way, thus leaving the pigments dry and chalky, to wash and run off in a few months. This Paint is unaffected by changes of weather; is perfectly impervious to the action of water; is well adapted to all classes of work, and is in every way a better Paint for either inside or outside work, or boat painting than any other Paint known to the trade, and will last, at least, three times as long as the best Lead or Oil, mixed in the ordinary way. These Paints are READY FOR USE; are easily applied by any one; require no mixing, stirring, or additions of dryers.

1 Gallon will cover 20 square yards, 2 cent
